

Liven hospitality with the serenity of the outdoors showcased in the Garden collection. A lush aesthetic arises from the pairing of medallions, rugs, fields and borders. A true haven of pattern and texture, the Garden collection takes inspiration from succulents, glistening spider webs, fragrant flower petals, tree bark and shaded canopies.

“Our Garden collection for Shaw Hospitality Group captures my favorite colors, patterns and textures found in nature. It is a fresh collection that carries the beauty of the outdoors, indoors.” —Angela Adams
